

## CALLING ALL LIBRARIANS:

Random House invites you to host a pre-publication discussion of this summer's hottest book, ***THE AGE OF MIRACLES***.

We're offering your library 25 free advance copies. Your patrons can discuss the novel before it officially hits shelves. Plus, you'll be invited to join an exclusive online chat with the author.

### Here's how it works:

- **Step 1: Send us your request**

Visit [AtRandom.com/Miracles](http://AtRandom.com/Miracles) and submit your request to participate.

- **Step 2: Receive your event kit**

**Each event kit contains:**

25 advance copies of *THE AGE OF MIRACLES*

Event sign-up sheet for patrons

Discussion guide

Event instructions and checklist

Poster/shelftalkers

Instructions for an online chat with the author

Pick a date and time (we suggest May, a month before on sale) to host a discussion about the book and alert your patrons to sign up.

- **Step 3: Start reading**

Distribute advance copies, ensuring enough time to read the book before the event.

- **Step 4: Event day**

Discuss the book with your group (and the author, if you've scheduled an online chat) using the handy discussion guide and other tools provided to you by Random House.

"In *The Age of Miracles*, the earth's rotation slows, gravity alters, days are stretched out to fifty hours of sunlight. In the midst of this, a young girl falls in loves, sees things she shouldn't and suffers heartbreak of the most ordinary kind. **Karen Thompson Walker has managed to combine fiction of the dystopian future with an incisive and powerful portrait of our personal present.**" —Amy Bloom, author of *Away*
